A full outline of the SDE 11+ Course appears below.

The Susan Daughtrey Education 2024-25 11+ Course takes account of all the known requirements of the GL Assessment® 11+ tests, making the SDE 11+ Course a very thorough and effective preparation of your child. Many thousands of hours have been spent by Susan (author of the highly successful Verbal Reasoning *Technique and Practice* series of books) writing and refining the Course (including its structure, lesson plans and materials). All of the material Susan has written for the SDE 11+ Course is unpublished and is therefore only available to students attending the Course.

Initial Assessments

The Course begins (Weeks 1 and 2) with initial assessments in English, Verbal Reasoning, Maths and Non-Verbal Reasoning. The results of these assessments will be accessed via your secure Parent Login to your online SDE Account and you will be given access to anonymised comparative data so you can see how your child's performance compares to a larger group of SDE Year 5 students.

Prep Bag and Homework

At the first lesson, your child will be given an attractive Prep Bag containing the first half term of classwork and homework, as well as various published books that are referred to as part of the homework programme. Weekly homework varies depending on the topics taught in class and is supplied to your child half termly in advance in specially printed homework books that are personalised with your child's details. Additional homework is set over the school holidays to maintain continuity and to revise, test and extend the work already completed in class. Your child will be provided with additional published books as part of the Course, in order to further supplement and practise the significant amount of homework that Susan has written. All results are now recorded online in your child's SDE Account, which also gives you access to comparative data for all exercises.

A technique-focused approach to learning for the 11+

During Weeks 3 – 24 (with the exception of the two 'Mini Mock' Weeks mentioned below), the Course concentrates on teaching every aspect of the verbal reasoning, maths and non-verbal reasoning components of the GL Assessment® 11+ tests:

- Your child will be **taught** Susan's **techniques** to help her/him correctly and speedily approach GL Assessment®-style verbal reasoning questions (including comprehension, cloze, proofreading, shuffled sentences and the '21 types' of verbal reasoning);
- The Maths component involves the **teaching of the entire four-year Key Stage 2 Maths syllabus** (which begins when the child is in Year 3 at school and concludes at the end of Year 6) as well as the application of Key Stage 2 Maths knowledge to 11+ style problem Maths questions; and
- The **techniques for all types of NVR question (including spatial reasoning) are taught** as part of the Course.

Hybrid Classroom Interactive Video Link

At the SDE Tuition Centre in Beaconsfield, all three of our classrooms are equipped with Hybrid Classroom technology. If your child is unwell or self-isolating, you can request a Zoom link from the SDE Office. Your child can then join a class (potentially their regular SDE class with their usual teacher and classmates) from home.

The Hybrid Classroom is a fully interactive design, so your child will be able to participate in the class much as if they were attending in person (there are three large screens and a speaker/microphone system fitted in each classroom). The Classroom SmartBoards provide a secondary output feed to Zoom so as to give your child a clear view of the board work.

The Hybrid Classroom facilities have been activated hundreds of times to support children who are unwell or during lengthy periods of self-isolation. Hybrid Classroom lessons should be booked through the SDE Office at least 48 hours in advance of the lesson.

Pre-recorded Video Tutorials

All of the teaching content from the SDE 11+ Course is now available as pre-recorded video tutorials which have been devised and narrated by Susan Daughtrey M.Ed. These are released weekly through the Course and can be accessed via your online SDE Account.

The video tutorials form a full record of the SDE lesson content. As a parent, this allows you to see exactly what was taught in class and the teaching methods used. Any missed lessons that were not attended in person or via the Hybrid Classroom facilities can be caught up using the pre-recorded video tutorials. The video tutorials are also invaluable if your child needs to recap on any of the lesson content and for revision purposes later in the Course.

Weekly Mini Tests

During Weeks 3 – 24 of the Course (with the exception of the two 'Mini Mock' Weeks mentioned below), progress tests in all subjects are administered in the first 10 – 12 minutes of each class. These 'Mini Tests' test your child's vocabulary (which is set as part of the weekly homework assignment), verbal reasoning and/or

maths and in doing so not only provide additional weekly practice in all subjects, but fundamentally, assist the teacher to closely monitor the progress of each student.

SDE 11+ 'Mini Mocks'

In 2022 two new 'Mini Mock' Sessions were added to the SDE 11+ Course for the first time, extending the Course from 32 Weeks to 34 Weeks.

- **Mini Mock 1** is held following Week 11 of the Course (w/c 27th January 2025)
- **Mini Mock 2** is held following Week 17 of the Course (w/c 24th March 2025)

The Mini Mocks are designed to:

- 1) provide an early and gentle introduction to formal 11+ style exam testing; and
- 2) help monitor each student's individual progress on the SDE 11+ Course.

Each Mini Mock Session is held in an Exam Hall rather than in the normal classroom setting. You will be invited to make your Mini Mock reservations once the Course has commenced. There will be a choice of times/dates/venues to choose from. This means there will be a mix of children including many from other SDE Year 5 Groups present at your child's Mini Mock Sessions.

The Mini Mock test papers are multiple choice format and we also use audio administration for the first time – both features many final GL Assessment® 11+ exams. However, unlike the 'full' SDE 11+ Mock Exams which commence after Easter of Year 5, the Mini Mock test papers only test the students on the subjects and topics that have already been taught on the SDE 11+ Course up to each Mini Mock week. As such, each Mini Mock also acts as a Progress Test so you can see how your child is developing on the Course. As with the 'full' SDE 11+ Mock Exams (see below), you will receive detailed comparative data and analytics as part of the online feedback (accessed via your secure online SDE Account) after each Mini Mock.

GL Assessment®-style 11+ Mock Exams (Exam Hall-based)

The 'full' SDE 11+ Mock Exams then begin after Easter and are attended in addition to the regular weekly classes. Each 11+ Mock Exam Session is the equivalent of the real 11+ exam day.

All students attending the SDE 11+ Course are invited to attend Session A in spring 2025 and the cost of this first formal SDE 11+ Mock Exam is included in the standard Course fee.

For those who require further exam practice, GL Assessment-style 11+ Mock Exams Sessions B – G can be added as an optional extra at Registration (see below). This option is strongly recommended for those students who are intending to appear for the real 11+ tests in September 2025.

GL Assessment®-style 11+ Practice Tests (In Class)

During the summer term (Weeks 25 to 30) and in the lead up to the 11+, practice GL Assessment®-style 11+ tests take place in class under examination conditions in order to revise, in a structured fashion, all the topics taught on the Course, to familiarise the students with the format of the paper (as far as possible) and the procedure of the day, and to continue the continuous assessment of the students.

These 11+ practice tests have all been written by Susan and are separate to the SDE 11+ Mock Exam test papers. Each 'class-based test-paper experience' will culminate in a review and discussion of the questions that appeared on the test paper to ensure the children benefit from a full explanation of the correct procedure/technique of answering the questions, and to equip the children to attempt a similar question more successfully in the future.

As the lessons focus on reviewing the most difficult areas of the test papers, there is often not time in class to review every question that appeared on the practice test. To address this 'gap' and give every child a full explanation for every question they individually answered incorrectly on the test, the four test papers used as part the Course are now supported by **Susan Daughtrey 11+ Dynamic Video Tuition®**. We have created a separate video tutorial for each question on the test papers which parents and students can access from home, via their secure online SDE Account. Each video contains:

- The test question and multiple-choice answer options that appear on the question paper;
- Where relevant (e.g for VR questions), an explanation of the technique or method that Susan Daughtrey recommends your child uses to answer the question, devised and narrated by Susan Daughtrey, and which is consistent with the technique taught on the Course;
- Where relevant (e.g for Maths questions), working out is shown on screen in a step-by-step fashion, with Susan Daughtrey explaining the process she recommends your child should follow to answer the question correctly; and
- Finally, the correct answer is shown on screen.

It is recommended that parents and children watch the video tutorials for the questions the child answered incorrectly, as an additional item of homework, to help reinforce the classroom learning and to ensure your child learns from her/his mistakes.

Summer Holiday Homework

Your child will be set summer holiday homework to continue, through the school summer holidays, the practice and familiarisation of all the subjects your child has learned. The final two lessons will take place just a few days before the actual 11+ tests.

The Role of Parents

A technique-focused approach to learning for the 11+.

The Course is rigorous, demands a lot of work and dedication on the part of your child and requires a very determined and positive attitude. If your child has these attributes, most parents tell us that their children thoroughly enjoy the lessons, improve enormously at school generally, make many new, good friends and develop a very strong sense of how to study and of what is required to learn and achieve.

We encourage parents to play a major and active role in their child's study and we see you as an essential contributor to this process. You are an integral and important part of your child's exam preparation and performance on this Course.

Parents are asked to oversee the completion of the homework and to mark it using the answers provided in each weekly 'Parent Homework Pack'. Scores are then recorded by the parent on a paper Record Table and can also be recorded on the Online Record Table within your SDE Account, providing you with access to comparative data.

Parents are asked to bring any homework problems to the attention of the teacher, so these can be addressed as part of the homework review which takes place at the beginning of each lesson.

Course Objective

The objective of all SDE Courses is quite explicit - to offer a first-class, quality Course where every effort is made to address the student's weaknesses, to maximise his/her examination performance and to extend each student to her/his fullest potential so the child has the best possible chance of success in the 11+. Everybody who works at Susan Daughtrey Education is striving for excellence and every possible effort is made to achieve it.

The Course is designed for a child who will benefit from lots of teacher contact, support and reinforcement and who will more ably cope with the subjects when spread over a longer period of time.

Optional Extras

Book with confidence: you can remove any optional extra from your booking at any time prior to the commencement date of the relevant service, for a full refund of any instalments which have already been collected in respect of the optional service which is being removed.

If you are therefore unsure whether you need any of the options, you are advised to add them at Registration and then contact us by email at office@sde11plus.com for a full refund if you decide any of these additional services are no longer required.

11+ Workshops

By Easter of Year 5, we usually find that each child has a clear subject-specific weakness in either English, Maths, Verbal Reasoning or Non-Verbal Reasoning and that she/he would benefit from some additional instruction to help address this 'challenging subject'. The 11+ Workshops, which were first offered to our 2020/21 Year 5

students, have been developed to respond to this need. They are short subject-centric Courses (8 hours of teaching over two days), which take place during May half term or the early part of the School Summer Holidays.

If you opt for an 11+ Workshop at Registration, you will be provided with a range of bookings options (subjects, dates and venues) at the beginning of the School Summer Term. Your child's SDE tutor will recommend the 11+ Workshop subject she/he recommends for your child, although the final choice is made by you. We know some parents may ask to book a second 11+ Workshop, in another subject, which will be permitted, but is subject to availability at the time. **The cost of each 11+ Workshop is an additional £264 if booked at Registration with the cost spread as shown in the table below.**

11+ Refresher Course

The Refresher Course comprises 10 ½ hours of additional revision sessions spread over three days at the end of the summer holidays (these sessions are likely to take place during the final two weeks of the School Summer Holiday and there is usually a choice of times and dates, subject to availability). The Refresher Course is a final revision Course and is fundamentally different to the 11+ Workshops, where we re-teach the basics to help your child address their personal 'weaker subject'. **The cost of the 11+ Refresher Course is an additional £319 if booked at Registration with the cost spread as shown in the table below.**

11+ Mock Exams

Susan Daughtrey Education is a leading provider of 11+ Mock Exam Sessions. We offer seven Sessions (A, B, C, D, E, F and G) which have been carefully designed to complement your child's 11+ exam preparation. You can find further information about these Sessions on our website: www.susandaughtreyeducation.com/mock-exams/ Session A is included for all students attending the SDE 11+ Course. **The cost of the additional 6 GL Assessment®-style Susan Daughtrey Mock Exams is an additional £385 if booked at Registration with the cost spread as shown in the table below.**

Each 11+ Mock Exam Session comes with access to the **Susan Daughtrey 11+ Dynamic Video Tuition®** service. With Dynamic Video Tuition, for each question your child answers incorrectly on the Mock Exam tests, you will be provided with:

- 1) Your **child's actual wrong answer option for the question;**
- 2) A **link to a video tutorial**, which can be streamed from home, which includes the following:
 - a. The **test question number, test question and multiple-choice answer options** that appeared on the question paper;
 - b. Where relevant (e.g for VR questions), an **explanation of the technique or method that Susan Daughtrey M.Ed recommends your child uses to answer the question, devised and narrated by Susan Daughtrey M.Ed;**

- c. Where relevant (e.g for Maths questions), **working out is shown on screen in a step-by-step fashion**, with Susan Daughtrey M.Ed talking your child through the process she/he should have followed to answer the question correctly; and
- d. Finally, the **correct answer is shown on screen**.

You can pause, rewind and re-watch the video tutorials as many times as you like up to the date of the real 11+ tests.

Dynamic Video Tuition has been devised with the specific objectives of giving your child the opportunity to **learn from their mistakes** and **improve future exam performance**.

This is a unique and innovative resource, first introduced by SDE in 2019, which **responds to your child’s individual learning requirements** by identifying only the questions your child answered incorrectly on the test papers and addressing those wrongly answered questions through the deployment of a video tutorial.

The total cost of the SDE 11+ Course, to include the cost of all tuition, the four assessments, 2 Mini Mock Sessions, SDE 11+ Mock Exam Session A, the Prep Bag of books and resources provided as part of the homework programme and online learning resources and results recording, is £3,045.

The cost of the Course is payable in instalments, as follows:

TERMS AND CONDITIONS

1. Definitions

In these Terms and Conditions, the following terms have the meanings stated below:

- “**Child**” means the child who is registered to attend an SDE course and whose name appears on the Registration Form;
- “**Client**” means the parent or guardian of a Child registered to attend an SDE course whose name appears on the Registration Form; and
- “**SDE**” means in the case of the 11+ Course, the 11+ Workshops (if opted for) and the 11+ Refresher Course (if opted for), SDE (Tuition) LLP, a limited liability partnership registered in England with LLP number OC422318 and in the case of the 11+ Mock Exams Sessions (if opted for), Susan Daughtrey Education LLP, a limited liability partnership registered in England with LLP number OC381033.

2. Parties etc.

- 2.1. This agreement is between the Client and SDE. Neither the Client nor the Child has any direct or indirect contractual or other relationship with any other person or entity other than SDE.
- 2.2. This agreement supersedes and replaces any previous agreement(s) between the Client and SDE.

3. Safety

- 3.1. The Client shall, prior to the commencement of the course and at regular intervals during the continuation of the course, emphasise to the Child the importance of remaining under the supervision of the teacher at all times during class and while at the course venue. The Child should be instructed not to leave the course venue under any circumstances unless accompanied by the Client or the person nominated by the Client to deliver and collect the Child from the course venue.
- 3.2. The Client shall ensure that he or she or, where relevant, the person with responsibility to deliver and collect the Child to and from the course venue on the relevant course date personally:
 - 3.2.1. delivers the Child to the custody of the teacher in charge of the Child’s course; and
 - 3.2.2. collects the Child from the teacher in charge of the Child’s course.

4. Medical conditions, medication and treatments

- 4.1. The Client shall notify SDE in writing at registration if the child suffers from any medical injury, condition (including any allergies) or disability that ought properly to be brought to the attention of SDE so that an assessment of the needs of the child can be made.
- 4.2. In the event that the child develops a medical condition (including any allergies) while attending an SDE course, the Client shall inform SDE in writing in advance of the lesson so that an assessment of the needs of the Child can be made.
- 4.3. The Client shall ensure that any medication or treatment that the Child is receiving (either at the time of registration on the course or during the continuation of the course) is brought to the attention of:
 - 4.3.1. prior to registration, or at such time during the course as the medication or treatment commences, to SDE by notice in writing; and
 - 4.3.2. at the commencement of each lesson, to the teacher of the class.
- 4.4. SDE and its teachers are not trained or insured to administer medications and, accordingly, are unable to administer medications to children attending SDE courses. If required, the Client shall administer the medications having first advised SDE of the circumstances.
- 4.5. SDE reserves the right at any time and without further notice to the Client to refuse to administer medication or treatment. Such refusal to administer medication shall extend, without limitation, to a decision, to be made by the teacher or relevant SDE employee, consultant or agent who may need to make such a decision following the development of a medical condition or emergency situation while the Child is in the custody of SDE. In such circumstances the teacher or relevant SDE employee, consultant or agent may contact the emergency services and/or the Client if they consider it appropriate to do so.
- 4.6. In the event that SDE is notified that a pupil in a class has a food allergy (or other similar condition), the teacher will take reasonable precautions to protect that pupil from exposure to the cause of the allergy (or other similar condition) but SDE cannot guarantee non-exposure.

5. Payment

All course fees are to be paid on the date(s) set out in the Registration Form and, in the event that the Client fails to make payment on the due date(s), the Child shall not be entitled to attend the course and SDE reserve the right to cancel the Child's place and to allocate the Child's place to another pupil without further notice. Cancellation in such circumstances is without prejudice to the other remedies SDE may have against the Client in respect of such non-payment.

6. Withdrawal / Cancellation / Curtailment / Non-attendance

- 6.1. If you wish to cancel the Child's place on the Course at any time, including before the Course has started, you may do so by notifying SDE in writing by email to jdaughtrey@sde11plus.com. You will not be liable for any direct debit instalments due after the date of notification of withdrawal, however you will not receive a refund of any payments made or due prior to or on the date of withdrawal. Once you have withdrawn your child from the Course, your child is not entitled to attend any further lessons. You are not required to return any homework materials (such as the Prep Bag) supplied to your child prior to the date of withdrawal.
- 6.2. The Client is assured that SDE will use its reasonable endeavours to deliver the course on the date(s) and time(s) set out in the Prospectus. However, there may be exceptional circumstances in which it is necessary for SDE to cancel the course, for example, where a teacher becomes unwell and is unable to deliver the course or a course venue is, for some reason, no longer available. In the extremely unlikely event that a course is cancelled part way through its delivery, SDE will refund a pro rata amount of the course fee to take account of the part of the course which is not delivered and the Client's entitlement to such a pro rata refund will be its sole remedy against SDE in these circumstances.
- 6.3. At any time on or prior to the date on which the first lesson of a course is to be delivered, SDE reserves the right to cancel:
 - 6.3.1. the course; or
 - 6.3.2. the Child's place on the course;

and, in such circumstances, the Client's only remedy against SDE shall be to a refund of the payment(s) he or she has already made to SDE for such course.

A technique-focused approach to learning for the 11+.

- 6.4. SDE reserves the right to remove a Child from one or more classes (or, where appropriate, the remainder of the course) in the event that the Child's conduct or behaviour is, in the opinion of SDE, such that it:
- 6.4.1. prevents or inhibits (or is likely to prevent or inhibit) SDE from meeting the objectives (stated above these Terms and Conditions) for the benefit of all pupils on the Child's course; or
 - 6.4.2. interferes (or is likely to interfere) with the proper management of the class by the teacher having regard, in particular, to the health and safety of all pupils, the teacher and any other persons who are (or may be) present at the course venue.

For the purposes of this clause 6.4, SDE's decision as to what constitutes behaviour or conduct which has the effect(s) (or is likely to have the effect(s)) set out above shall be final and binding on the parties.

- 6.5. In the event that a Child is for any reason unable to attend a class, application may be made in writing to SDE to arrange an alternative date in another class to be provided by SDE (if any). SDE shall make reasonable efforts to accommodate the child but accommodation shall at all times be subject to availability (including, for the avoidance of doubt, sufficient space, in the opinion of SDE, for the Child to attend in addition to the pupils already scheduled to attend such class). In the event that no alternative class is available, or if the Child is unable to attend an alternative class offered to the Client by SDE, SDE shall, on request, indicate the work the Child should complete at home (where possible). For safety and logistical reasons, no Child shall be admitted to an alternative class where prior arrangement has not been made with SDE by following the procedures set out in this clause.

- 8.2. All Intellectual Property provided to the Client and/or Child (howsoever supplied, including without limitation, in hard or electronic form):

 - 8.2.2. shall remain the confidential information of SDE and must not be disclosed, transferred or provided to (whether to review, retain or take copies of) any other person without the prior written consent of SDE.
- 8.3. Most of the Intellectual Property has been written by SDE for the Susan Daughtrey course. This involves many thousands of hours of writing, reviewing, typesetting and proof-reading work. Whilst considerable effort is made to ensure the Intellectual Property is of the highest standard, due to the considerable volume of work involved in the preparation of the Intellectual Property and the need to regularly update this work to best cater to the requirements of the 11+ tests, we cannot guarantee that the works will be entirely error free. SDE does not accept any liability in respect of any errors in or omissions from the Intellectual Property.

10.2. Nothing in these Terms and Conditions shall in any way limit:

10.2.1. either party's liability for death or personal injury caused by its own negligence; or

10.3. These Terms and Conditions set forth the full extent of SDE's obligations and liabilities in respect of the course and/or other services provided by SDE including as to its quality, the chances of a Child's success in the examinations (which, for the avoidance of doubt, is not guaranteed by SDE). Any other condition, warranty, or other term concerning the course or other services to be provided by SDE which might otherwise be implied in or incorporated within these Terms and Conditions, whether by statute, common law or otherwise, is hereby expressly excluded.

10.4. The performance of any Child in the actual 11+ examination is ultimately the sole responsibility of the Child and SDE shall not be responsible or liable for:

10.4.1. a Child failing the exam(s) or not performing in the exam(s) as expected by the Client and/or Child; or

10.4.2. without prejudice to the generality of the foregoing provisions of this clause 10.4, any indirect or consequential loss or damage (whether relating to the circumstances provided for by clause 10.4.1 or otherwise).

11. Novation
